

# Round Rotherham 2022 Changes and Alternatives

**Stage 2:** There is a necessary diversion for this year between B18 and B22, due to building works, and a permanent change between B22 and B23

As before, follow Europa Link to roundabout near Mercure Hotel, after bus shelter, to point B18

You will then see site fencing preventing access to the standard route.

Diversion:

Cross Europa Link to the FP on the right, cross the exit ramp from Parkway, through the pedestrian underpass, cross slip road and then keep on the right, straight on past another roundabout on the B6533 Poplar Way to point B22. SA at traffic lights

End of Diversion

Permanent change:

From the light-controlled pedestrian crossing at traffic lights closest to Waverley development, (in line with diversion route) go up the broad bricked path at the edge of the development. At top of bricked path, at point B22A, jink L to brick red track.

Follow TK past development parallel to river to the green-grey bridge (B23)
